Datasheet product reliability

The information in this "Product reliability data sheet" is based on products being used as intended. This includes complying with all specifications in data sheets, catalogues, user documentation and the general operating conditions. The user alone is responsible for determining whether a product is suitable for a particular application.

Feature	Value
CE mark (see declaration of conformity)	To EU EMC Directive To EU Low Voltage Directive To EU RoHS Directive
Mean time to dangerous failure (MTTFd), subcomponent ¹⁾	340 years, rotor position sens

1) The ascertainment of the MTTFd value is generally based on the IEC 61709 "Electric components - Reliability - Reference conditions for failure rates and stress models for conversion" respectively on the SN 29500.
