

Copeland™ Scroll Condensing Unit Rebranding

Logo, Nameplate, Certificate Card, Package Rebranding

BULLETIN NO:	ECT1TU1325
ISSUE DATE:	Dec 24 th , 2024
TO:	Refrigeration OEM and Wholesalers
FROM:	Copeland

Copeland, a global leader in sustainable climate solutions, is transitioning our extensive product portfolio to align with the Copeland brand. This rebranding initiative represents a significant milestone in Copeland's journey as a stand-alone company, further solidifying our commitment to delivering innovative climate solutions across global commercial, industrial, refrigeration and residential market sectors. Backed by more than 100 years of innovation, Copeland's vision is to create sustainable solutions that improve lives and protect the planet today and for future generations.

Condensing Unit Logo/Nameplate/Certificate Card/Package Rebranding – Suzhou Plant and Thailand Rayong Plant effective from Jan 1, 2025

Figure 1, 2, 3, 4 are examples of the current and new Copeland condensing unit logos as they will appear on product logo/nameplate/certificate card and package. From Jan 1, 2025, all new condensing units produced by Copeland's Suzhou Plant and Thailand Rayong Plant will use the new logo gradually. Inventory condensing units may still have the legacy nameplate until June 2025.
